### GREENEVILLE

Semi-Annual Meeting of Father Mathew T. A. Society—Officers Elected—Mrs. Charles Raynes Injured Wrist

With a large attendance of members present, the usual semi-annual meeting of the Father Mathew total abstinence society was held Thursday evening. The meeting was called to order by President Joseph A. Donnelly and the reports of the officers and committees for the past six months were read and accepted. The society is in a flourishing condition, having a membership of 103.

The following officers were elected to take charge of the society for the ensuing six months: Rev. James J. Smith, chaplain; president, Joseph A. Donnelly; vice president, Joseph O. Sullivan; recording secretary, L. Gladue; financial secretary, Louis Guerin; treasurer, Daniel Cummings; sergeant at arms, Phillip Gladue; directors, C. J. Downes, chairman, Simon Fahy, John J. Shea, Michael J. Carroll, D. T. Campion.

The officers will be installed next Thursday evening by County Director Maurice E. Fitzgerald of New London. Michael J. Carroll and Charles D. Yerrington were elected delegates to the state convention to be held in Putnam September 7 and 8.

#### Delegates to State Convention.

John H. Muesel has been chosen delegate by engine company No. 2 to the state firemen's association convention to be held in New London in August.

#### Personals and Briefs.

William Flood of New York is spending a few weeks with relatives.

Robert Nolan of Jersey City has been spending a week with local relatives.

Thomas Green, Jr., of Prospect street is spending two months with relatives in Paterson, N. J.

Miss Radie Crowley has returned to Branford after spending a few days with local relatives.

Mrs. F. J. Bohanan of Eleventh street is the guest of her mother at Port Washington, L. I.

Mrs. Joseph Bray of Central avenue is spending a few weeks as the guest of relatives in Bridgeport.

Axel Christianson is moving from Fourth street to one of C. W. Pearson's houses on North Main street.

## POLICEMAN FOR MOHEGAN PARK

Commissioners Decide that One is Necessary on Holidays, Saturdays and Sundays—Estimates Being Asked for New Road.

There was a meeting of the board of park commissioners on Thursday noon, at which time a few matters out of the routine were taken up.

It was decided that there should be a policeman in the park on holidays, Saturdays and Sundays, those being the days when the largest crowds are there, and it is necessary that order be maintained there. This will be carried out at once, being applicable to the summer season, and it will probably be one of the superintendents who will be put on that work.

The work of building the entrance into the park from Washington street will not be started at once, but estimates are being asked for a road west of the first one built, which will leave the road near the lake, going west along the boundary and coming back to the road again near where the Greenville road joins the main road. It will be about three-quarters of a mile in length. It is expected

this road will be finished this season and it will be a part of the Washington street entrance when that is completed.

At the present time, workmen in the park are building footpaths near the lake, which is now a most attractive spot, the action erected at the south end and coming in for much favorable comment. A number of swings have been placed in the park and they are being thoroughly enjoyed. The rose bushes, which Superintendent Duff planted in the arbor along the dam are in blossom, making a handsome sight.

The park is being used more and more every season and it is a rainy or threatening day when there is not a picnic party enjoying the pleasures of the attractive woods.

Every day finds a small army of boys enjoying a cool swim in the pond in the vicinity of the bath houses. There are two flatbottom rowboats on the lake this year.

**FIRST OF MACHINERY FOR NEW MILL**

Arrived Here Thursday and Was Taken to Franklin Street Factory.

Promptly at midnight Wednesday night the Norwich and Westerly railway backed two big flat cars on the Pawcatuck Valley line and stopped them in front of the Western mill on Main street, Westerly. A big gang of workmen was present and hastened to fill the cars with the machinery from the mill. The work was continued until shortly before 6 o'clock Thursday morning, when the cars were loaded and brought to this city, where they were unloaded on the East Side and carted to the new mill on Franklin street.

The light was provided by the headlights from the roads, the last cars on the Pawcatuck Valley road leaving their lights when they started for the car barn to put up for the night. The lower portion of the mill was cleared of the heavy machinery. There are still other floors to be cleaned up. It is thought that two more nights will see the entire mill moved out of town. Upon their arrival at the mill, the cars are placed on the siding at the Preston woolen mill, where they are unloaded and the machinery taken to the factory on Franklin street. There it is understood, about eight carloads in all.

**LOCAL COMPANIES GO TO CAMP.**

March to Steamboat Dock and Leave on the Block Island for Watch Hill.

Having assembled at the armory early Thursday morning, members of the Third and Fifth companies, C. A. C., marched to the steamboat wharf under command of Captains Hagberg and Tarbox, and there took the Block Island Ferry. Upon their arrival at the wharf, the number of men seemed smaller than the usual appearance of the companies. From Watch Hill, where the three companies left the steamer, the Third company having joined them at New London, they marched by the beach to Fort Mansfield, where they found their tents pitched and everything in readiness for the routine of the ten day's tour.

Owing to the easy manner of getting there, it is expected that there will be many visitors to the fort during the next ten days.

**AT CRESCENT BEACH.**

Names of Cottages to Be Posted and Street Names.

Tuesday afternoon the Ladies' auxiliary of the Crescent Beach Pier association held the first meeting of the season. It was determined to give a cake and candy sale at Mrs. Ed Rowley's cottage the last half of next week and to give an ice cream sale and graphophone concert on Mrs. Samuels' lawn about the first of August. The following officers were elected: President, Mrs. Mary Samuels of Hartford; vice president, Mrs. Segen of Norwich; secretary, Mrs. Allen of Middletown; treasurer, Mrs. Horns of Hartford.

A meeting of the Crescent Beach Pier and Improvement association was held Wednesday afternoon in Colonel Tyler's casino. Although no more than a score of the cottagers were present, yet several matters of importance to the beach were discussed and voted upon.

Edward Rowley, the treasurer, reported that during the past year \$283.72 had been collected. A large amount of this had been expended for printing and labor on the beach to remove the old scow which had been driven upon the beach during a storm, but there is still in the treasury \$71.33. A vote of thanks was given Mr. Corlepe, who offered to light the pier lamps gratuitously during the present season.

Discussion took place as to whether the names of the various streets should be posted and whether the houses should be numbered. The majority were in favor of the latter plan, but too confused and thought rather that names should be posted on all the cottages. But it was determined to place uniform signboards on all the street corners.

Last year's officers were unanimously re-elected as follows: President, J. Samuels of Hartford; secretary, L. H. Scranton of Hartford. The officers were given power to appoint an executive committee and they placed the following men upon the list: A. P. Carroll, Ward, Farrell, Bacon and Pecks. Messrs. Bacon, Hedges and Farrell were appointed an auditing committee.

**Pastor as Lawyer.**

The Rev. Farrell Martin, D. D. member of the New York bar and pastor of St. Cecilia's Catholic church, Waterbury, appeared as attorney in the probate court there in the interests of Doris Fenn, aged five, who at present is living as the daughter of Mr. and Mrs. Frank Floto. Abner P. Hayes is the guardian of the girl and it is on the application of Mrs. Minnie Earle Stancil of Meriden that he be removed that caused the litigation.

The child was born of American parents and was reared in the Philippines and her father, who was a member of a constabulary force in the island, passed her over to Mr. and Mrs. Floto and Hayes was made her guardian. Later she was baptized at St. Cecilia's church. In her fight to have the guardian removed Mrs. Stancil is represented by Attorney Robert S. Walker, while Dr. Martin is being assisted as counsel for the appellants by Mr. Hayes. Judge F. W. Etheridge reserved his decision.

**Knocked Senseless by Force of Water.**

Alex Morton, a resident of Thomaston, employed at the Plume & Atwood brass plant, had a peculiar accident Saturday afternoon. Men were putting a nozzle on a reduced hydrant when it exploded, and as Morton was directly in front, the force of the water struck him full in the face, rolled him thirty-five feet, rendering him unconscious. Morton regained consciousness in ten minutes, when he was taken in an automobile to a doctor's office, where the wounds on his head were dressed.

**SUMMER BOARDER FRIGHTENED BY ACCIDENT.**

Breaking of a Wheel of Wagon Drove New Yorker Home.

Through a too heavily loaded wagon and a wheel that collapsed in West Thames street near Fairclough's store, a Jewish woman from the country around Montville or Gamaliel lost her summer boarder Thursday afternoon, the frightened visitor from the city balking at going any further in the rig. While the woman from the farm was going to look up another wheel, the city visitor jumped on a trolley car, came back to Norwich, and gave those around to understand that she was going back to New York.

The accident happened when the wheel got caught in the car track, ripping every spoke out and effectually laying up the team which had a heavy load of feed in bags, as well as the woman driving and her summer boarder, whom she had been to the train to meet. When the wheel collapsed, another was secured after some time, but was found too big. Then the woman from the farm took the horse and went to look for another team to continue the journey. This was too much for the city boarder, who could talk little English, and was left sitting on her baggage among strangers. She feared that the trolley would get her back to the train, and boarding the first that came along, gave up the idea of an outing in the country, and decided she would get back to New York and not risk the perils of a summer in Oakdale.

**TAFVILLE**

William Reynolds Enters Employ of Telephone Company at Danielson—Personals.

Henry Troeger, Fred Eastham and Carl Hedler were visiting in Fitchville recently.

Anton Fries has accepted a position as assistant plumber with J. P. Barstow & Co.

Miss Blanche Mollere of South A street is the guest of relatives in New Bedford for six weeks.

**GROTON.**—The left leg of Tyson Hewes, the young son of Dr. and Mrs. Frank W. Hewes of Thames street, which was terribly mangled last week, when it became entangled in the spokes of a wheel of a carriage driven by Frank Hewes, an elder brother, was amputated at the knee in the Memorial hospital, New London, Wednesday afternoon.

**DO NOT LIKE THE SMELL.**

Short Beach Summer Residents Seek Injunction Against Fish Oil Manufacturers.

In the civil side of the superior court at New Haven there was a fashionable assembly Monday when 20 of the leading residents of the Short Beach colony, mostly women, gathered to urge the issuance of an injunction restraining the Atlantic Trapping company, fish oil manufacturers, of Kelleys' island, from operating their works, on account of the disagreeable odor and the injury to their health.

While no injunction was granted, a formal agreement was entered into between the company's agent, and Dr. C. W. Gale, the health officer, whereby the company will limit their work to certain hours in the day and remove the fish within 12 hours after the oil has been extracted. The remedy will be tried until Saturday, and if not found effective the injunction will be granted.

Five books of fiction are published daily in this country.

## NORWICH TOWN

Young Ladies and Children of Catholic Parish Entertained—\$10 Netted from Epworth League's Sale—Various Items.

On Tuesday evening in Parish hall a children's party was given for those who helped to make the ladies' annual festival a success. Twenty-seven children were present. There were graphophone selections and music for dancing. Ice cream, cake, candy and soda water were served. The previous Thursday evening the young ladies who assisted in the festival were given an entertainment at the rectory. Both enjoyable affairs were arranged by the Rev. C. T. McCann.

**Epworth League Holds Sale.**

The social committee of the Epworth league of the Methodist church, Miss Edith Dodge chairman, arranged for a sale of ice cream and cake on Wednesday afternoon and evening. Tables were attractively set and seats arranged on the Bean Hill Green. There were many present and the ice cream was quickly sold, \$10 being raised towards the fund for new chairs for the vestry. Graphophone selections were given during the evening.
